

IMPERIAL ELECTION WILL BE HELD TODAY

LOS ANGELES, May 7.—Three direct elections marked the formal opening today of the thirty-eighth annual convocation of the Imperial Council of the Mystic Shrine. The first parade escorted the imperial delegates to the Scottish Rite cathedral for the opening of the council this afternoon accompanied by a half-hundred gorgeously garbed Arab patrols. There was also an electrical pageant and a parade composed of temples and pageants.

Two business sessions of the imperial council were held today. In the afternoon a banquet was given at the temple chartered by Muskogee, Okla. and Jackson, Miss. and a dispensation to San Diego, Cal.

An active campaign for the next convocation was begun by the Tripoli temple of Milwaukee. A committee to be named at tomorrow's session will report in the afternoon its recommendation for the next meeting place. The imperial election will occur tomorrow.

The contest for imperial outer guard, the only elective office in the council now seems to be between L. A. Curtis of Vannah, Ga. and James McCallister of Honolulu. Several members of the imperial council expressed the opinion today that Curtis would be elected this year and McCallister next. There are seven candidates for this honor, the latest to enter the field being F. W. Hilder of Oakland, whose candidacy was announced last night.

TYPOGRAPHICAL UNION TO KEEP OUT OF STRIKE

CHICAGO, May 7.—Heads of the Typographical union have called a meeting for tomorrow to consider the dispute between the Webb pressmen and the Chicago publishers. There were rumors tonight that the printers might strike in sympathy with the pressmen but President Lusk of the Typographical union said that his men would remain at work.

Efforts tonight to induce the mailers to declare a sympathy strike, failed. The two were almost unanimous against the proposed strike.

Trivial outbreaks at different news stands over the city alone left the public know that the newspapers were involved in labor troubles. The sale of papers went on almost as usual at nearly all points except that the newsboys were guarded by policemen. Few arrests were made.

CALIFORNIA The Kind You Have Always Bought

MOUNTAIN CLIMBERS RUN OUT OF NEEDED SUPPLIES

CORDOVA, Alaska, May 7.—Three men of the Denoon Mount Black-burn expedition returned to Koonuk today to obtain a new supply of alcohol and provisions. The party's stores having become exhausted. The alcohol is used for cooking. The main party is in camp in tents in an altitude of 12,000 feet on the mountain and when the three men left the lumber had been waiting 10 days for shipment. A frightful storm. The men with their fresh supplies will depart from the main camp tomorrow. The fact that the expedition will be unsuccessful owing to the mild winter and the early opening of spring.

NO NEGRO RACE IN AMERICA

Head of Largest Medical School in
World for Colored People, Talks
on This Subject

KANSAS CITY, May 7.—As yet there is no negro race in America, according to Dr. C. A. Roman, president of the largest negro medical school in the world at Nashville, Tenn. Dr. Roman was one of the speakers at today's session of the African Methodist Episcopal general conference which is meeting here.

He said the educated negro would like to associate with his mental and intellectual equals, but his color and race forbid and the best thing he can do is to give the benefit of his learning to his less fortunate brethren.

OROZCO REPUDIATES GOMEZ

Threatens So-called Provisional President Unless He Leaves Mexico
at Once

ESCALON, Mex., May 7.—Gen Pascual Orozco has refused to recognize the provisional government established by Emilio Vasquez Gomez, at Juarez last Saturday. Orozco today, on the march southward, telegraphed Gomez threatening him and his associates unless they left Mexico. Orozco was today 100 miles south of Chihuahua and but 40 miles behind his advance guard which is expected to reach the next 40 hours to encounter the big federal force under General Huerta.

The creation of any civil government prior to the successful termination of the war has persistently been opposed by Orozco. In his telegram to Gomez Orozco declares that he would have been glad to have Vasquez Gomez come into the interests of the revolution but the Gomez government in Juarez was a thing he could not countenance.

General Orozco continued southward today.

HAZAR, Mex., May 7.—Emilio Vasquez Gomez admitted merely that he was explaining telegrams with Orozco's tax but declined to discuss the report of friction with the latter. The report by Pascual Orozco, Sr., father of the rebel military chief of a position in the Gomez cabinet, had given a semblance of authority to the Gomez government here. Developments today indicated that though General Orozco had invited Gomez across the line he had not expected an immediate assumption of duty on the part of Gomez.

Professor John Orier Hibben, of Princeton University, who will be formally inaugurated president of that institution today.

CORPORATION WAS PARTY TO POOL AGREEMENT

NEW YORK, May 7.—The American Steel and Wire company, one of the biggest of the subsidiaries of the United States Steel corporation, was a partner to pool agreements with other manufacturers, whereby prices on United States government bids were fixed and the business divided among the pool members, according to the testimony today in the government suit to dissolve the corporation.

The testimony was given by Samuel J. Bailey of the office of E. E. Jackson, supervisor of the wire pools, whose members were indicted and fined a year ago. Bailey is now secretary of the Horseshoe Manufacturers' association, one of the seven pools.

The evidence was introduced by the government in support of its contention that American Steel and Wire company was itself an illegal combination.

Bailey identified a copy of the rules and regulations of the Horseshoe association. The rules fixed the prices at what the members of the association should sell horseshoes, prices being changed when necessary. The witness explained at monthly meetings. Each member was allotted a certain percentage of the business and, in case his monthly sales exceeded his allotment, he was to put one into the association equivalent to the amount of the excess. If they were less, the association was to make up the deficiency.

Told Them How to Bid.

In the case of government bids, Bailey said, Jackson selected the member who was to make the lowest bid and instructed other members to bid higher.

Jackson fixed the price of the lowest bid, he said, and instructed the other members to bid 1 or 2 cents a keg higher. The members were given an opportunity to bid for the government business in turn, so that everybody was about even at the end of the year.

Bailey identified a number of letters written by Jackson to Samuel J. Bailey, to the Bryden Horseshoe company fixing the price on government contracts.

One, written in 1906 fixed the price the Bryden company was to bid on horse and mule shoes wanted by the Isthmian Canal commission. The Bryden company's price on the horse shoes was to be \$3.45 a keg. New Orleans delivery, but the American Steel and Wire company, the latter stated was to get the contract.

Gave Tip on Government Bids.

Another letter, written November 15, 1907, gave notification that the quartermaster's department of the army needed 700 kegs of horseshoes and 700 kegs of mulehoes.

This business may come to you from jobbers at export prices. The letter read—see that no export prices are quoted to the jobbers.

A third letter, concerning another government bid, stated that the Diamond State Steel company is authorized to bid the lowest. You will submit the price I have quoted you.

It was brought out as a point for the corporation that the association named the government prices 10 cents to 15 cents a keg lower than the regular market price.

Bailey remembered being present at a meeting when it was agreed that the Standard Horseshoe company was to be paid \$350 a month to keep idle its patent machine for manufacturing horseshoes.

Cross-examined by David A. Reid Bailey said that the pool was broken up in March, 1909, by the withdrawal of the American Steel and Wire company. To his knowledge none of the members of the executive committee have ever had knowledge of the pool, he said.

CONTRADICTS BRYAN

WASHINGTON, May 7.—Oscar W. Underwood of Alabama, majority leader of the house today declared that his presidential candidacy was not in the interest of Governor Harmon nor of any other candidate than himself. This was in reply to a statement of William J. Bryan in a speech at Chicago the last night that he heard that the Underwood delegates chosen in Georgia and Florida were in reality Harmon men.

It is impossible for a man in public life, said Mr. Underwood, to keep up with all the misrepresentations made about him, but I wish to say there is no warrant in fact for the statement made by Mr. Bryan. I am making the race for the presidential nomination with the honest endeavor to secure it for myself and my candidacy is not and never has been in the interest of Judge Harmon or any other candidate.

Georgia, Florida and Alabama declared for me in a presidential primary election and this was the expression of the desire of thousands of honest voters at the polls for me and none else.

CONGESTION OF FREIGHT IN CHICAGO IS GREATER

CHICAGO, May 7.—Congestion of traffic at the railroad freight houses was greater today than on the first day of the freight handlers' strike. While the railroads succeeded in placing a few trains at work in all the big freight sheds they were inexperienced. Negotiations between the agents of several eastern roads and local committees of their employees were held during the day but they did not result in any settlement, although the strike leaders said a settlement may be reached soon.

MONTROSE MAN A SUICIDE

MONTROSE, May 7.—A. N. Bleasing, an attorney formerly of Indianapolis, Ind., and for the last six years a prominent fruit grower here, ended his life this afternoon by drinking poison. He was a sufferer from tuberculosis. Mr. Bleasing was the president of the Montrose Fruit and Produce association.

RESULT PLEASES ROOSEVELT

NEW YORK, May 7.—Maryland was right and I am pleased of course, but I have nothing else to say," said Colonel Roosevelt, who came to his editorial office from Oyster Bay today. Colonel Roosevelt goes to Ohio next Tuesday.

Exhibition and Sale of Lingerie Embroideries

Lingerie for Everybody

WIFE OF MAN BELIEVED TO BE HERE KILLS HERSELF

DENVER, May 7.—Mrs. Emma Seifert of Central City, Colo., ended her life here today, or some time last night by drinking poison. She took a room here three weeks ago. Her husband is said to be in Colorado Springs on a business trip. She left two notes, one addressed to her daughter, Estelle, 19 years old. No motive for her act is known.

Seifert could not be located in Colorado Springs last night. He was not registered at any of the hotels, nor could anyone be found who knew him.

PRESIDENT'S DAY OF REST

CINCINNATI, May 7.—President Taft for the first time in several weeks today cast aside the cares of office and enjoyed a day of recreation and rest. A diversified program was mapped out for him, official business having no place on it.

In the morning the president held an informal reception for his many friends made during his period of residence here. In the afternoon he occupied a box at the Cincinnati-Philadelphia game.

In the evening Mr. Taft attended the opening of the Cincinnati May musical festival and while it is the custom of both himself and Mrs. Taft to remain through the musical season he will be able to attend only the opening night of the musical campaign through Ohio by constituting the cutting short of his stay here.

Mrs. Taft, however, will remain to the end of the festival.

Among the president's visitors were Mr. Ricketts Snell and Mrs. Sarah Jackson, representing the Twentieth Century club two of Cincinnati's most active suffragists.

The question of just what type of women were interested in the Ohio suffrage campaign was put to them by the president with much interest. The representatives told him that in Ohio the movement had practically no support that it had in California and in other states where it had won.

The president said he could not properly give his views on the question at this time because he did not wish to exploit any advantage which might accrue through seeking favor with the women who form the suffrage movement but he assured his callers that if they wrote him after the Republican convention he would give them his views on the question.

SCORES BOTH CANDIDATES

SANTA BARBARA, Cal., May 6.—Severe criticism of the campaign methods of President Taft and Colonel Roosevelt was contained in an address before a political study club last night by Henry S. Fitchett, president of the Carnegie Foundation for the Advancement of Teaching and former president of the Massachusetts Institute of Technology.

The spectacle of a president and a past president of the United States touring the oil commonwealth of Massachusetts at the end of a railway train, hustling personal denunciations and a station at each other is one to make an American ashamed, he declared.

"In my judgment he continued his attack, unfortunate circumstance has come into our political contest that the controversy between Taft and Roosevelt, and I believe I voice the feeling of every thinking American in saying that there was no provocation sufficient to justify such a course."

DAHLMAN AND ASSOCIATES CARRY OMAHA ELECTION

OMAHA, May 7.—Mayor James C. Dahlman and his six associates, believed by him to be "square men," were victorious in today's municipal election, the first under the commission form of government.

The only question unsettled was who had received the largest number of votes, the count showing a well-balanced count between Mayor Dahlman and Charles C. Withnell, present building inspector. The total vote, however, shows all the seven leading candidates within only a few hundred votes of the last mark.

During the last 50 years the light-house service of the United States has cost a total of \$100,000,000.

EARLY RETURNS

(Continued From Page One)

Taft and the other by adherents of Colonel Roosevelt, met here today. Each claimed regularity. Each elected four delegates at large from Arkansas and instructed them to cast their votes in the national convention according to the sentiment of the delegates attending.

The Taft and Roosevelt factions have held separate conventions in the Fifth and Seventh congressional districts and selected delegates. It seems probable now that there will be two men selected for one of the remaining 10 places in the Arkansas delegation.

The Taft convention today adopted a platform which besides endorsing President Taft for re-nomination, declared for woman suffrage when the women of the state have signified their desire to vote.

The Roosevelt convention instructed its delegates to vote for the former president as long as his name is before the Chicago convention perfected a state organization and adopted a platform declaring for laws making presidential preference primaries compulsory.

Uninstructed in Wyoming.

CHEYENNE, Wyo., May 7.—Democratic and Republican county conventions were held in all the counties of

WAR DEPARTMENT SIMPLY PREPARES FOR EMERGENCY

WASHINGTON, May 7.—The reported activity of Col. Arthur Williams, Eleventh infantry, in command at Fort D. A. Russell, Wyo., in rounding up freight cars for the transportation of troops to the Texas border is said at the war department to be due to nothing more than a laudable desire to have the troops in readiness to respond to any call.

It is pointed out that the troops from Fort D. A. Russell were nearly a fortnight on the way from that point to San Antonio during the mobilization movement last summer, owing entirely to lack of railway cars and it is believed Colonel Williams does not intend to be placed in that position again.

The war department orders to the officer are similar to those given many other post commanders more than two months ago, namely, to have their troops ready to meet any emergency. It is declared that there has been no change in the Mexican situation.

MISSISSIPPI VOTE LIGHT

JACKSON, Miss., May 7.—Early scattering returns from the Democratic presidential preference primaries held today throughout Mississippi, indicate a close contest between Oscar W. Underwood and Woodrow Wilson. The names of other aspirants were not on the ballots.

Returns indicate that not more than 25 per cent of the normal vote was cast. Inclement weather, the floods and a general backwardness of farming operations contributed to keep the voters from the polls. The state convention will be held in Jackson on May 15.

"Here, smoke some real tobacco that can't bite your tongue!"

Jam it into a jimmy pipe or roll a cigarette and get real smoke joy!

Here's tobacco that's got "the goods" sign plastered all over it. You never realized such fluffy tobacco, because there never was tobacco like it and can't be for many years because it is made by a patented process.

You cut away from notions that you can't smoke a pipe. You cut and you'll enjoy every puff "P.A." won't bite your tongue. The sting has been cut out!

PRINCE ALBERT

The Wildcat quartet will furnish the music. All colored voters are urged to attend.

NEW BURNS THEATER

OPENS THIS EVENING

The Russian Symphony orchestra, under the direction of Modest Altschuler, will formally open the new Burns theater tonight with one of the finest concerts ever given in Colorado Springs.

The orchestra appeared in Pueblo yesterday afternoon and evening, and a large number of people there who failed to secure seats are making every effort to get seats here tonight. In answer to telegrams yesterday John T. Hawkins had to say that the house had been sold out for more than a week, and that many people here have been disappointed for tickets but could not be accommodated.

The management of the theater has decided to adopt the same regulations for vehicles that are used in large cities. The plan is as follows:

A porter will be provided to assist in the arrival and departure of patrons and to regulate traffic.

Carriages and automobiles on arriving will disembark their passengers and promptly clear the entrance.

After the performance to avoid delay and confusion, vehicles will not be allowed between two boundary lines which have been made. In this way a large space will be kept clear at the entrance.

The porter will issue a numbered check to each vehicle on arrival, and when the passengers are ready to leave, each conveyance will be called by megaphone.

This method will keep the entrance clear and allow only one conveyance at a time to drive up for passengers. It is thought that the usual confusion will be dispensed with in this way.

The orchestra of 60 members will arrive over the Colorado & Southern this morning in two special cars, and this afternoon will hold a rehearsal in the theater. Accompanying the musicians are Vera Curtis, soprano; Henry LaMonte, tenor; Eva Mylott, contralto; and Albert G. Janolski, baritone, all of whom will be heard in several excellent solo numbers. Miss Lydia Lapoukova, one of the original troupe of Russian dancers will also appear in four dances tonight.

The concert promises to be a fitting climax to the brilliant musical season which Colorado Springs has just had, and an elaborate program has been prepared so those who wish to keep a souvenir of the occasion may do so.

TWO DIVORCES GRANTED;

THIRD CASE IS STARTED

In the county court yesterday two mismatched couples were freed, and the trial of a third divorce case was started.

Anni M. Williamson testified that her husband David N. Williamson would frequently refuse to speak to her for 10 days or two weeks at a time and that whenever she would enter his place of business he would leave and not return for a day or more. She said that he often threatened to "quit her for good" and, in fact, had not supported her for several years. They were married in Pueblo August 28, 1904. She was granted a divorce.

By order of the court Grace Crose who was yesterday granted a divorce from Joseph Crose on the grounds of cruelty and nonsupport will have the custody of their 4-year-old son, Weldon Delmar Crose with the provision that the father is permitted to visit the boy at any time. When the youngster arrives at school age he is to be allowed to spend his vacations with his father who is to pay \$4 a week towards his support and furnish his wearing apparel. Neither of the parties will be allowed to remove the son from the state without an order from the court. The couple were married in Northboro, Ia., September 12, 1895.

Nora Christian seeks a divorce from Carl Johannes Christian, alleging nonsupport, and asks that she be allowed to resume her maiden name, Nora Shelton. They were married March 10, 1907 in Denver.

Will Sink Portland to 1,600-Foot Level

The main shaft in the Portland mine at Victor will be sunk to the 1,600-foot level within the next three months, according to officials of the company.

The actual work of sinking will not start before the first of next month, and will require at least two months' time. The present water level is estimated to be about 70 feet below the sump bottom, and as it is receding at the rate of 15 feet a month, there is little likelihood that it will be struck when the shaft is sunk. The opening of a new level will be done on regular company account, and only one shift will be employed.

The flow from the Roosevelt tunnel is still estimated at 12,000 gallons a minute. The tunnel is now being cleaned, and as soon as this is completed a new weir will be installed and accurate measurements made.

Explanation of Numbers, Burns Theater Tickets

Many who have secured tickets for the Burns this week have become confused over the number of the performance on the check. The confusion, for the most part, lies with people who have secured tickets for the first performance of the Kirmess, Friday night, and either have forgotten about or disregarded the Russian Symphony orchestra tonight. Seeing "The Performance No. 2" on the check, they have taken it for granted that their tickets are for the second presentation of the Kirmess, and have called the box office, asking to have the mistake corrected. The concert tonight is performance No. 1, and the first presentation of the Kirmess is No. 2. The Saturday matinee of the Kirmess is No. 3.

Beginning This Morning

ANSWER IS FILED IN A COMPLICATED SUIT

Philip Zehner and Sophia B. Zehner yesterday filed answer in the district court to the complaint made by St. R. Myers regarding property of which he alleges the Zehners refuse to give him possession, and to which he says

he was given a quit claim deed at the time George P. B. Zehner son of the defendants borrowed \$2,750 from him. The answer states that the quit claim deed conveying the property was in fact to secure the sum of \$2,750 and not the larger sum, and that the deed was not an absolute conveyance or really a conveyance at all but rather a mortgage. The defendant

RANCHMAN RUN OVER BY HIS OWN WAGON

Fred D. Broadbent, a ranchman, living three miles south of Colorado Springs, met with a serious accident yesterday morning, when he lost control of his team as he was driving down the pass with a heavy load. On a steep grade the horses were unable to hold the wagon, and Broadbent lost his seat and fell under the wheels, one of which passed over his body, near the waist. The team was stopped by a passerby and Broadbent was taken to Manitou, where he was attended by Dr. L. M. Campbell. He is resting easy last night and will probably suffer no serious consequences from the accident.

ANOTHER BOOKLET CITES ADVANTAGES OF REGION

The Denver & Rio Grande railroad has just issued an attractive little booklet for the benefit of Elks going to the annual state convention at Portland, Ore., July 1-13, inclusive. The book contains many illustrations and descriptions of places of scenic interest in Colorado, Utah and Oregon. Colorado Springs occupies no little space, and with this description is two pictures, one of Pikes Peak and the other of the Crystal Park road.

ALICE LLOYD IN

"LITTLE MISS FIX-IT"

Alice Lloyd, easily the most deservedly popular of all the English singing comedienne to be imported to this country, will be at the opera house for one performance only Saturday evening, May 11, when she will be seen for the first time here in musical comedy in a new vehicle entitled "Little Miss Fix-It." Miss Lloyd, who has been seen in Denver previously only as a distinguished vaudeville headliner, has enjoyed equal popularity in "Little Miss Fix-It," the piece having already to its credit a run of four months at the Globe theater in New York as well as an all summer engagement at the Chicago opera house. The book is the work of William J.

the now famous dance number "The Newport Turkey Trot," said to be the most fascinating of the now numerous terpsichorean oddities.

Messrs. Werba and Luescher, under whose management Miss Lloyd is presented, and who are also the producers of "The Spring Maid," "Miss Dandisack" and "The Rose Maid," have surrounded the comedienne with a most distinguished supporting company including Lionel Walsh, Frederick Santley, Frank Shannon, James C. Lane, Grace Field, Nellie Malcolm, Annie Buckley and Grace Brown. The scenic equipment is an extremely attractive and tasteful one, the first act occurring in the grounds of a pretentious country house on fashionable Long Island, and the second act in the living room of the same attractive establishment.

MISS LOUISE SOLOM.

A Young, but Very Charming Exponent of the French Dances. With Miss Ruth Wiley She Will Present First and Frolics in French Ballet Costume at the Kirmess, Friday Night.

The popularity of the Kirmess program, which is to be given at the Burns Theater next Friday, is demonstrated by the fact that all the boxes, together with the parquet and dress circle seats, and many of the balcony seats have been disposed of, although the sale is only two days old. For the matinee Saturday the boxes have all been sold and the run for the parquette and dress circle seats started yesterday with the prospects that they will be sold by tonight or early tomorrow. All who wish to make sure of getting a choice of seats for the matinee should act promptly, as the chances are that very few seats will be left after tonight. Everything is ready for the big dance carnival, and the popular demand for tickets indicates that the efforts of the Kirmess promoters to present a really first-class attraction are being appreciated.

The excellence of the program and the fact that the funds are to be donated entirely to the maintenance fund of the children's hospital combine to make the Kirmess one of the unique entertainments of the year, and sweet charity is joining hands with society in making it a success. The magnificent scenery of the new Burns theater also is assisting in the sale of tickets, for there are literally thousands in this district who are intensely anxious to get their first glimpse of the most elaborate playhouse west of the Mississippi river, and one of the finest in the world.

Fortunately for those who are not able to secure first floor or first balcony tickets—the arrangements of the Burns theater is so perfect that the second balcony seats are almost as good. The line of vision is perfect and the acoustic properties are such as to make the second balcony most desirable.

The three follow at a mad race over water and mountains just in time to avert a real murder. The men force the real story from Cushman of his attempted sacrifice and come to the belief that Thompson really died by accident, going to his sick wife they tell her of her husband's heroism and give her more than the reward as a fitting recompense. The evidence is certainly conclusive, that we endeavor to give our patrons a good show, good music and a comfortable, cool, well ventilated house, where they can be assured of courteous treatment for the small sum of five cents.

IT TAKES A WISE MAN TO PLAY THE POOL IN A MODERN CIRCUS

"It takes brains to play the pool," the question director of the Campbell Bros. shows said when asked concerning clowns and clowning.

"I have been in the circus business all my life, and during that interesting period have, like an actor, played many parts. I have made a close study of the profession and particularly the clown department, for there is nothing to a circus without a clown."

"It has come under my observation that the brainiest performers always make the best clowns and produce the best results."

Wash your clothes with GOLD DUST

A QUESTION OF EVIDENCE AT THE MAJESTIC

A story by J. Russell O'Leary dealing with the criminal man of the hunting camp up in the north woods. The story opens during the late moments of rough play and two friends, Jackson and Thompson, quarrel and part in bitter hatred. Later the two men meet at Thompson's cabin, unknown to anyone, and become reconciled. Jackson gets his gun and starts off through the woods for game. Thompson, finding his gun disabled, also hits the trail, but leaves his gun behind, carrying only his traps. Coming upon Jackson fishing, he borrows his gun. While passing through some rocky part of the trail he stumbles and the gun goes off, killing him. Later in the afternoon Jackson finds his friend's body and carries it with his discharged gun to the camp. There the men refuse to believe his story and openly accuse him of murder. The sheriff is notified just in time to save him from being roughly handled and the father, positive that his son is innocent, offers a reward for the real murderer. Cushman, who is up in the woods with his consumptive wife, is dead broke and on the hour that Thompson was killed heard the shot and found the body but ran away in a prayer of his cowardly fears. He finds the reward notice and resolves to pose as the murderer to secure the money for his wife. He goes to the father and pleads guilty. They both repair to the sheriff when word comes to the latter that young Thompson has been taken from the jail and across the lakes to

Good soap washes clothes well if you use enough elbow grease; but Gold Dust washes them more thoroughly and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust is that it softens the hardest water, and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

Just try Gold Dust next wash-day, and see how much time you save.

Do not use borax, soap, ammonia, soda, ammonia or lye with GOLD DUST. It has all desirable cleaning qualities in a perfectly harmless and lasting form.

"Let the GOLD DUST TWINN do it."

ALICE LLOYD,

Who Will Be Seen in "Little Miss Fix-It" at the Opera House, Saturday Next, May 11.

Horrid, Harry R. Smith and George V. Hobart, during the course of the comedy Miss Lloyd introduces her most recent song successes, "Have You Ever Loved Any Other Little Girl?" "Cupid," "The Habitable Promenade," "I'll Build an Eden for You" and "Excuse Me, Mr. Moon." In addition to Miss Lloyd's own songs there are "There is a Happy Land," "Staying Out Late," "Fragrant" and "My Word." A feature of the second act is

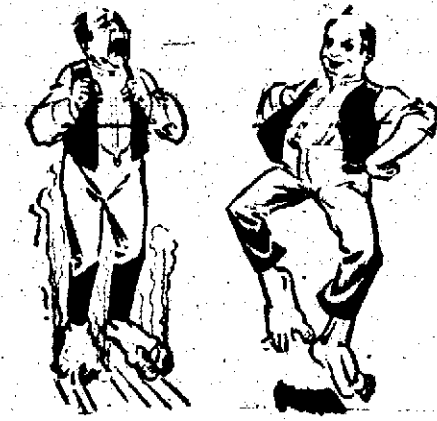

FERRIS HARTMAN, IN "THE GIRL AND THE BOY"

Ferris Hartman and his superb company, including Walter De Leon and Miss Davies, will be seen here at the Opera House tonight (Wednesday) in a splendid production of that delightful musical comedy, "The Girl and the Boy." This new show is by Walter De Leon, author and composer of "The Campus" and is in every way worthy to follow that show which was seen here last night.

besides Mr. Hartman, Walter De Leon and Miss Davies. The feminine portion of the chorus includes a bright array of pretty girls whose beauty stamps it as a remarkable assemblage. "The Girl and the Boy" tells of the adventures which befall a millionaire's son, whose father has stopped his allowance because of his marriage with a young milliner without the parental knowledge or consent. The efforts of the boy to successfully make his way, unaided, leads to a variety of amusing complications, chief of which is his purchase and resale of the option on a large seaside hotel, which provides him with funds. In addition to the main thread of the plot, there are several counter plots dealing with the subsidiary interests. The music of "The Girl and the Boy" has been much admired, and has a distinct value of its own apart from the comedy interest in the play. The principal songs are: "Heedless," "Oh, Gee! We're Married," "The Kiss," "Life's a Stage," "Tommy Jones," "Summer" and "The Girl and the Boy." Without being exactly what might be called a costume show, still the costumes are very beautiful and striking, and the whole effect, that of summer, is most bright and pleasing. The play is in two acts, the scenes of which are at an ocean-side resort, the first act showing the interior of the ocean-side hotel, and is a beautiful example of the scene painter's art, showing the detail of the portion of the hotel, built in mission style. The

Just See That Corn Shrivels—Vanish!

The New Corn Cure "GETS IT" Gets It

Corn on Sunday/Gone on Tuesday! Before Using "GETS IT" "GETS IT."

"GETS IT" is the new corn cure on a new plan, that is as harmless to the skin as water, but, blazes, how it works! Nothing to stick or hurt. Loosens the corn, corn comes out. Two don't have to drag it out! Every owner of a corn, callous, wart or bunion is going to get the surprise of a lifetime. No more digging at corns, no more slicing with razors and drawing blood, no more blood poisoning, no more sticking plasters. "GETS IT" is sold at all druggists at 25 cents a bottle, or sent direct by H. Lawrence & Co., Chicago.

HAPPENINGS IN THE WORLD OF SPORT

Edited by
R. E. Coughlin

Jim Flynn in 'Town; Says He Will Win July 4 Battle

Jim Flynn, the white hope of the world, is in the city today, declares "Jim" Flynn, the Pueblo fireman, who is at the Antlers while on his way to the training camp at Las Vegas.

Flynn is in the pink of condition and is taking the best of care of himself. So who knows but what he may be a true prophet?

At least, Jim has the best wishes of the white race that he will turn the trick against the big smoke, and the fans will all be pulling for him when he steps into the ring at Las Vegas. Which will help a lot. Flynn realizes this and it will nerve him to do his best.

"I am not the same man whom Johnson beat in 11 rounds November 2, 1907," he said. "Nor is Jack in as good shape now as then. Then I was a comparatively green fighter. Why, I only weighed 155 pounds at that time. Johnson was in his

"JIM" FLYNN,

The Pueblo White Hope Who Is in the City on His Way to the Training Camp at Las Vegas

prime, being between the ages of 29 and 32—he claims to be only 34 now, but the talent figures he is all of 37. "The boys in Denver told me yesterday that I was 100 per cent improved in the last 18 months, since I boxed Jack O'Brien there."

On the Antlers scales Flynn tipped the beam at 211 pounds yesterday. Jack Curley, his manager, said that Jim would enter the ring weighing at least 188, and probably 195.

Besides Curley, Flynn is accompanied by H. W. Lanigan, a well-known sporting writer, who declares that the trip west has been one continual ovation. "What the match was first proposed," he said, "the announcement was received with jubilation. Now Flynn is gaining new backers every day. The night fans are warming up to Jim, and they are all for him to win. And he is going to make a game battle."

Tommy Ryan will have full charge of the training camp, and he is going to have nothing but young blood in sight, said Lanigan. The party leaves here today at 11 o'clock. At Pueblo today Flynn will be given a rousing reception. He will be met at the station by a brass band, and after an automobile parade will be tendered a reception and banquet at Hotel Vail. He will be in Las Vegas by Thursday, and will go at once into his training.

The selection of a referee will be left until June, when each of the principals will select five from which one will be chosen acceptable to both.

"Curley is one of the cleverest managers in the business," declared Lanigan. "All the opposition emanating from Los Angeles is because they have another fight billed there for July 4, the Wolgast-Rivers go, and they see that the Las Vegas battle will completely overshadow the mix at Los Angeles. By the way, it has often been stated that Flynn was born in Brooklyn. This is wrong. His birthplace is Hoboken, N. J."

Flynn attended the dance at Stratton park last night, but 11 o'clock found him sound asleep. He is taking every precaution to be in first class shape by July 4, and is going to step into the ring with all the confidence in the world.

PRINCETON WILL PLAY BUT ONE GAME ABROAD

PRINCETON, N. J., May 7.—Princeton will play only one football game away from home next fall, according to the 1912 schedule, announced tonight owing to the objections of the faculty to out-of-town trips. The only game arranged on foreign territory is the Harvard game at Cambridge November 8.

YALE GRIDIRON IS TO BE RESODDED

NEW HAVEN, Conn., May 7.—Owing to an injury to the Yale football field in the game with Princeton in the mud last November the whole of the gridiron will be resodded at a cost of nearly \$1,000. The damage resulted not alone from the players, but also by the removal of the mud and the use of saws and axes previous to the game.

NOTED HORSEMAN DEAD

LEXINGTON, Ky., May 7.—Horace W. Wilson, for 12 years secretary of the Kentucky Trotting Horse Breeders' association, and one of the best known horsemen in America, died here today, aged 52.

UNITED STATES LEAGUE

At Richmond—Richmond 1, Reading 5.
At New York—New York-Washington, rain.
Others not scheduled.

Pitcher Nick Maddox, the former Pirate, has refused to join Charlie Carr's Kansas City team, and will play semiprofessional ball this season.

With Jordan Bradley, McConnell and Holly on the job, the Toronto infield looks like a piece from a big league score book.

At Minneapolis—Minneapolis 3, Columbus 3. (11 innings—darkness).
At St. Paul—St. Paul 9, Toledo 6.

MEETING OF PROTECTIVE ASSOCIATION POSTPONED

The meeting of the Colorado Springs Fish Protective association, which was to have been held at the Powell-Doner sporting goods store last night, will be held next Tuesday evening.

Wells Anxious to Try Again

NEW YORK, May 7.—"I won't rest now until I get Packey McFarland in a 20-round bout," declares Matt Wells. He attributes his showing against the Chicago lightweight at the Madison Square Garden to a long illness in England, and the fact he had underestimated McFarland's prowess. "I hope we may see him in a 20-round bout," continued the little Britisher. "I feel sure that the outcome would be different over the long route. I've got to admit that McFarland is a mighty clever man, and I have no complaint to make about our little argument. McFarland surprised me and bewildered me, too, for a time. Why, it was like fighting a centipede. He seemed to have about 20 hands, all in action at once. But McFarland is not a Battling Nelson. He can't fight at that furious gait through 20 rounds. I got a foul in the seventh, but I don't blame Packey. It was unintentional. McFarland is not the man who would deliberately strike a foul blow. I am told that I probably put up a harder battle against McFarland than any other man he has ever met. I did my best, and I am satisfied with the result. The only thing I want now is a 20-round mill with Packey. The result will be far different then."

That Wells made a big mistake by agreeing to take 50 per cent of the gross receipts and guaranteeing McFarland \$10,000 for his end is clearly demonstrated. The actual receipts were \$28,000. Wells only drew \$2,974 for his end. The other \$10,000 out of his \$12,974, or 50 per cent, went to McFarland. Wells, however, gets 50 per cent of the pictures, whatever they will be worth. The state got 5 per cent of the receipts, which was \$11,974, while the club drew down \$11,974, out of which they had to pay the referee, umpires, special policemen and other expenses.

Millionaires Administer a Goose Egg

BROOKVILLE, Kan., May 7.—The Colorado Springs team shut out the local team here today by a score of 10 to 0. Stokessberry, the new Springs pitcher, pitched a good game and allowed but a few scattered hits while the Springs team hit the local pitcher almost at will. Batteries—Stokessberry and McDaniels, Sharp and Knox.

AUGUST P. ALBERTS DEAD

IDAHO SPRINGS, May 7.—August P. Alberts, formerly owner and manager of the Topeka baseball team of the Western league, died here today from pleural pneumonia. He had been mining with his son George, near here for the last year. His wife, in Denver, two daughters in Topeka, and a son at Alice Colo. survive him.

TOMMY BURNS TO MEET WHITE HOPE OF CANADA

By W. W. NAUGHTON.

SAN FRANCISCO, May 7.—One Barney Goss, who is evidently a dead game sport up Calgary way, telegraphs the writer that he has secured the right to act as promoter on the occasion of Tommy Burns return to the Queensberry ring. Goss says that Burns has signed to box Bill Ricard—no relation to Tex—who is one of Canada's most hopeful white hopes, and that both men are far advanced in negotiations.

Goss is proud of the honor of being selected to start the ball of Burns career rolling a second time, but is dubious of his ability to bring the match to a successful issue. In the Northwest on account of the uncertainty of the law regulating boxing contests. He would like to hear from San Francisco promoters who desire to handle the Burns-Ricard match.

There is a suggestion of unkindness in the manner in which Uncle Tom McCarev of Los Angeles speaks of the possible opponents of Ad Woolgast outside of Joe Rivers.
While refuting the rumor that Wolgast had agreed to box a prominent lightweight in New York, McCarev said that Wolgast, until such time as he boxes Rivers at Vernon in July, has bound himself not to meet any first-class men.

"Ad will only box second raters in no-decision contests," was the way McCarev put it.
Well, uncle, you must not overlook that Wolgast is to box Willie Ritchie in San Francisco this month. This boy, Ritchie, is the one who went to Los Angeles at a few hours' notice and took Wolgast's place against Freddie Weib last Thanksgiving, and I'll be bound the Los Angeles sports think Willie something of a made better than a second rate. On the strength of the showing he made that day, Ritchie has secured matches innumerable all over the eastern circuit, and could have been fighting back there if only that he wanted to come home.

PRESIDENT TAFT SEES HOME TEAM LOSE OUT

CINCINNATI, May 7.—President Taft saw Philadelphia defeat Cincinnati today. It was an uphill battle for the locals and the president applauded their every effort. Cincinnati played a ragged fielding game and this combined with opportune hitting by the visitors allowed Philadelphia to carry off the victory. Edmond and Paskett hit well, while Doolan's fielding featured.

Score: 2 0 0 0 0 0 0 0 1 3 14 1
Cincinnati 0 0 1 0 1 2 0 0 1 5 7 3
Seaton, Schultz, Brennan and Graham. Doolan Suggs, Fromme, Benton and McLean.
Two-base hits—Edmond Paskett 2. Homerun—Bates. Three-base hits—T. Downey Seaton. Base on balls—Off Seaton 4, Schultz 2, Suggs 2, Benton 1. Struck out—By Seaton 2, Suggs 1, Fromme 1.

Hagerman Hall Wins From Frat

The Hagerman hall baseball team defeated the Alpha Tau Delta team 11 to 8 in an 11-inning game on Washington field yesterday afternoon. Cooper and Norse were the batteries for the Alpha Taus and Steinberg Clark and Johns for Hagerman hall. The game was exciting and was witnessed by a large number of students. This puts Hagerman hall in the lead in the college fraternity baseball series.

To Meet Tonight

There will be a meeting at the Powell-Doner Sporting Goods company's store at 8 o'clock this evening to organize a city baseball league. All who are interested in the formation of such an organization are asked to be present.

Today is the day selected by the Chamber of Commerce baseball committee of 100 for the closing up of the subscription lists for the Rocky Mountain league baseball park. Today canvassers will be busy until nightfall securing the signatures necessary to make Colorado Springs a factor in the baseball situation in the state, and remove the Colorado Springs baseball news from the comic sections of out of town dailies to the sporting page.

Yesterday the plans were perfected for the campaign today, and many of the canvassers took a flying start by securing from \$40 to \$80 worth of subscriptions yesterday afternoon.

Response to the call was enthusiastic and prompt. All the "live ones" are strong for the proposition, and with the backing of the Chamber of Commerce and the wide awake business and professional men who compose the committee of 100, it is practically certain of success, despite the campaign of misrepresentation carried on by those who have ulterior motives in knocking any real baseball progress.

The sporting department of the Evening Telegraph has been made use of to elude the issue in an endeavor to stir up what they grandiloquently call a "baseball war." Be assured there is no "war," nor will there be. We would prefer to have two good baseball teams in the city than one club, and the fans feel the same way, we are sure.

If the entrance of the Rocky Mountain league team into Colorado Springs means that the team representing the Zoo will be "greatly strengthened," so much the better. And if Coughlin's club is better than the league team, it will draw the fans.

And if it does draw the fans, the people who are signing for stock in the park will not lose a cent. It is up to Bidwell and Coughlin to spend all the money they wish in putting up a fast article of ball. Once the park is built and in order ever to have Western league ball we must have a suitable park—we will be assured of good ball.

Competition will not hurt the game, it will help it. There is a demand for good baseball here. The present movement is the direct result of, and an eloquent protest against, the class of ball shown here the last few seasons, and the Chamber of Commerce, in our opinion, has done wisely to crystallize this sentiment in the present project.

Not wishing to accord the "Gusts" undue publicity, we will not quote at length therefrom. A perusal of the article will clearly show the animus behind them, and assign them the consideration they deserve.

Tonight marks the close of the campaign. Subscriptions are to be turned in to the treasurer of the committee, Walter A. Udick, who may be found at the Colorado Title and Trust company during banking hours, and at the Elks club after 7 o'clock this evening. Get in line and be a booster!

Western Turfmen Would Repeal Law

SACRAMENTO, Cal., May 7.—A concerted effort is to be made by the race horsemen of California to set aside the Walker law which makes betting on horse races illegal. The men behind the movement have been working quietly so as not to stir up opposition.

A meeting is to be held in San Francisco in the near future at which there will be representatives from all parts of California where racing stock is owned. Plans will be discussed looking toward the calling of an election to repeal the Walker law under the recently adopted initiative amendment to the constitution. The horsemen desire to inaugurate the pari-mutuel betting system.

CHEAPEST LANDS IN COLORADO

RAINBOW PARK TRACTS AT FLORENCE

IN THE CANON CITY DISTRICT

AND HERE IS PROOF:

Cost Rainbow Park Tract
FIVE ACRES
\$2,500

THIS TRACT PRODUCES:

	Value	Percentage of Cost
In Onions	\$1,800	72
In Cabbage	1,800	72
In Strawberries	2,500	100
In Celery	4,000	160

One Man Farms This.

Both estimates of cost based upon choice lands, well located, with unquestioned water rights. Production estimates based upon actual accomplishment.

Cost Irrigated Farm
40 ACRES
\$8,000

THIS TRACT PRODUCES:

	Value	Percentage of Cost
In Wheat	\$2,000	25
In Alfalfa	3,000	38
In Sugar Beets	4,000	50

One Man Farms This.

Comparative Advantages

The \$2,500

The \$8,000

RAINBOW PARK TRACT.
CITY CHURCHES OF FLORENCE.
CITY SCHOOLS OF FLORENCE.
CITY MARKETS AT HAND.
CITY SIDEWALKS.
CITY DRINKING WATER (BEST IN STATE).
CITY LIGHTS.
CITY RAILROAD FACILITIES.
CITY SOCIETY AND ASSOCIATIONS.
CITY ADVANTAGES TOO NUMEROUS TO MENTION.
CITY WORK WHEN DONE ON LAND.

IRRIGATED FARM.
ISOLATION FROM CHURCH.
LONG WALKS TO SCHOOL.
LONG ALL-DAY DRIVES TO MARKET.
THOU HAD TO WALK.
UNCERTAIN.
OIL LAMPS.
NONE.
NONE.

WHY BUY AN \$8,000 TOOL WHEN A \$2,500 ONE GETS BETTER RESULTS?

The price per acre doesn't count. It's the rest of the whole. This tract is not required to support a family in comfort—the biggest percentage of profit on the investment.

These points considered, RAINBOW PARK TRACTS ARE THE CHEAPEST.

The first payment of 10 or 20 per cent (your preference) provides immediate possession of the land and water. It is less than the actual value of the tract. Will accept even smaller first payment and give immediate possession, when purchaser will want to crop this season and turn in portion of proceeds from crop as first payment.

You can plant to cabbage or celery at this season.

All desired crops can be met here, early earnings besides paying for living expenses and improvements. Only 197.13¢ to start with.

Thirty-five per cent already sold.

THERE WILL BE NO MORE LIKE THESE.

Perfect soil, perfect location, perfect water rights; 1,861 Arkansas river water rights; absolutely the best that money can buy.

OUR PROPOSITION ENDORSED BY CHAMBER OF COMMERCE, BANKERS AND BUSINESS MEN.

Florence citizens who know all conditions are buying Rainbow Park tracts. Why not you? Won't you investigate? I will refund your railroad fare if every representation is not as made, and will take your word for it. Prices, \$200 to \$600 per acre. Three acres are sufficient for one family. Have taken five acres of the choicest \$500 per acre land as a basis of comparison to be more than fair. Still showing attractiveness of Rainbow Park Tracts as dividend producers.

CRIPPLE CREEK MINES

Special to The Gazette.
CRIPPLE CREEK, May 7.—(Surveyors are busy staking out the ground plan and grade for the mill to be erected on the Dante Gold Mining company's property on Bull hill by Edwin Gaylord, lessee of the Dante mine. The mill, which will be a 100-horsepower mill, is to be located on the Dante mine. The mill will be a 100-horsepower mill, is to be located on the Dante mine. The mill will be a 100-horsepower mill, is to be located on the Dante mine.

Gaylord in the meantime is looking out low grade ore for treatment in the mill, and this week should result in the exposure of higher grade shoots. Five sets of sub-surface are also engaged. In development work, and with the mill in operation the production from the mine should result in profit to both the lessee and owning corporation.

Dead Pine-Crown Point

The Dead Pine-Crown Point Leasing company, operating the mines on Battle mountain from which the business company derives its name, made production of 17 cars of ore or about 100 tons in April, the ore ranging in value from \$15 to \$18.50 per ton. The net returns after payment of freight and treatment exceeded \$5,000. The lease will show two cars of ore tomorrow, of close to live-ore grade. The leasing company is controlled by Arthur Carnduff, formerly of Colorado Springs.

The Bogart

A prospecting permit with concession has been secured by J. W. Bogart, and associates on the Bogart, a claim located in the saddle between Boxer and Bull hills, at Windy point. The property belongs to the Sheriff and Harry Year mines, and has produced high grade ore, but of limited tonnage. The property is owned by J. W. Bogart, formerly of Colorado Springs.

Properties to Be Sold

The properties of the Black Oak Gold Mining company, the Black Crow, E. C. R. Rittenhouse, Alva, Lywell, (11-11-44), Dark Cloud and Nade holes, in the northeastern section of this district, will be offered at public sale by the sheriff of Teller county on Friday, May 17, under writ of execution issued from the district court of the city and county of Denver. The amount of the judgment for which the property will be sold is \$350.45 with interest and costs.

MONEY ON CALL

NEW YORK, MAY 7.—Close: Prime mercantile paper, 4 to 4 1/2 per cent; sterling exchange steady with actual business in bankers' bills at 64.25 for 60-day bills and at 64.50 for demand. (Commercial bill, 62.25.) Mexican dollars, 48. Government bonds steady; railroad bonds irregular. Money on call steady, 2 1/2 to 3 per cent; ruling rate, 2 1/2 per cent; closing bid, 1 per cent; offered at 2 per cent. Time loans steady, 6 to 8 per cent. Cent. 90 day, 10 per cent; 180 day, 10 1/2 per cent.

NEW YORK MARKET

NEW YORK, May 7.—Interest in the stock market today continued to center largely around United States Steel. The stock was again subjected to a very pronounced decline to 41 1/2 in the middle of the day on lack of transactions.

Most of today's selling of Steel originated with the bear faction, which has shown its attitude with respect to that stock since the publication of unfavorable quarterly reports a week ago. Further ammunition seems to have been furnished by the government's dissolution suit against the corporation. The rest of the market ranged from steady to strong with dealings in the money market. Reading, Union Pacific, Pullman, and other shares were more than held their own after the opening. A few were weakly off around, and some of the new industrial, including American Can and American Smelting, and finally well, but the session, in the main, was dull.

All the grain carriers moved in unison after the issuance of the report of the United States Steel. The report, with several strength, was a sharp decline in the market. The report, with several strength, was a sharp decline in the market. The report, with several strength, was a sharp decline in the market.

CHICAGO MARKET

CHICAGO, May 7.—Although guesses went wrong on the government crop report today, and put the total estimated yield of wheat at 15,000,000 bushels too low, the fact developed too late to influence the market. The close, which was firm, ranged from a shade down to 4 1/2 higher, as compared with the night before. Corn made a net gain of 1/2 to 3/4¢; oats, 1/2¢ off to 1/4¢ up, and provisions varying from a shade decline to 1 1/2¢ advance. For the most part it was a waiting day in wheat, Kansas and neighboring states had good rains over night, and Liverpool prices showed only a fractional rise in response to great strength on this side, but leaders here and the public, too, hesitated to press the market either way, being restrained by the uncertainty over crop figures to be posted at the close. Delay in seeding in North Dakota tended to cause a reaction toward a higher level, after the market had undergone a moderate dip. Besides, flour was a firm close at virtually the highest point of the session. July fluctuated from \$1.13 to \$1.14, with last night's close, exactly 1/4¢ over last night.

WOMEN TO HONOR THE MEN OF THE TITANIC

The most elaborate campaign ever undertaken by American women has been launched in Washington, D. C., and Colorado Springs women have been asked to aid in making it a success. The women of Washington have organized a committee to solicit contributions for the "Woman's Titanic Memorial," which will be erected at the national capital as a tribute to the men who died on the Titanic that the women might be saved.

Mrs. John Hay is chairman of the committee; and Mrs. John Hays Hammond is secretary. The women are being asked to contribute one dollar to the cause, and Mrs. W. H. Taft's name heads the list.

The Letter

April 30, 1912.
Dear Madam—The loss of the great ship Titanic has moved the world as few catastrophes ever have before. There is scarcely a community in our country which does not mourn the loss of some one, of some relative or friend. The feeling of grief and pride in the bravery of those who were lost is universal.

To women especially must come the sense of thankfulness that to them has been given the bearing of such men as those who showed their were not afraid to die. It has seemed to many women most appropriate that they should put in lasting form some testimonial of their appreciation of the men who so unhesitatingly and gallantly gave their lives that the women on board might be saved. A memorial arch at the capital of the nation would typify the tribute of woman to heroic manhood; and that all American women may personally share in this noblest of all contributions, it is being donated.

The Haskin Letter

CARIBBEAN POLITICS VIII—CUBAN FINANCES. By Frederic J. Haskin.

(Continued from Page Four.) \$10,000, and the supreme court awarded him the full amount. It is estimated that the total claims, similar to that of General Yvonnet, will amount to anywhere from \$3,000,000 to \$14,000,000. A loan of \$35,000,000 was effected some years ago for the payment of the soldiers. Many were unable to get their documentary proof in proper form before the list closed. These are the men whose claims have been approved by the Cuban courts. In his campaign for election, General Gomez made the payment of the veterans one of the planks of his platform. Later, he excused himself from making them by asserting that the American government, under the Platt amendment, would not allow the burden to be imposed on the Cuban treasury.

Great Fortunes in Concessions

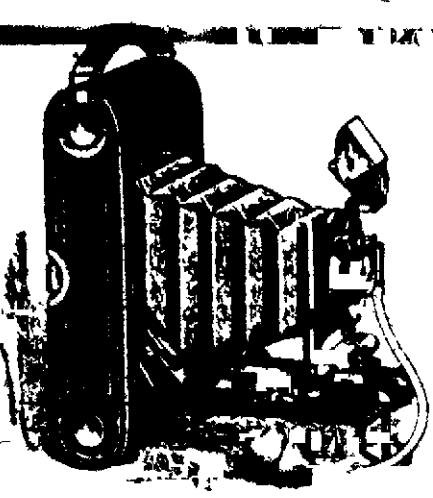

It is generally agreed that a number of concessions granted by the present government will mean great fortunes to those who possess them. Perhaps the most valuable of these is the concession for the improvement of the harbors of the island. In return for their work in deepening the harbors, the Compania de Puertos is to receive a toll of 50 cents per ton on merchandise from the United States, and \$1 per ton on that from other countries entering the ports of Havana, with a flat rate of 10 cents a ton on coal.

IX—Will Cuba Avert Intervention?

In the Blue Nile region in Egypt a native laborer can live very comfortably on six to eight cents a day. The automatic telephone service is a success in Havana, where there are 7,000 subscribers.

IMPROVEMENTS AT THE CHEYENNE SCHOOL BLDG.

The upper floor of the Cheyenne school building will be completed and fitted for use as an auditorium. It will be so arranged that it can be used for classes during the day and turned into an assembly room when needed. There will be four rooms, separated by a drop curtain. The cost of the work will be about \$5,000. The decision to do the work followed the resolution of H. J. Hinch as school director last Monday.

ENGAGEMENT—Announcement has been received of the engagement of Miss Lou Paxton of Kansas City, Mo. and L. Arca Emson son of Dr. Bradford Pittsford. Miss Paxton attended the Colorado Springs High school and has lived here nearly all her life.

It's Not All Headwork

For some of your success as a fisherman depends on your outfit. A poor lure makes poor success, and the game is true of the rest of your outfit. Get a good outfit and get a good start. A good beginning makes a good end.

DECIDE TO PROCEED WITH THE BUILDING

It is the hope of Mrs. B. B. Rice, who is building a new home with 10 rooms, to have it completed by Sunday. The building which is 100 feet long and 40 feet wide, is being built on a lot owned by her husband. The building will be a fine example of modern architecture.

Catchy Catnip Cats!

Get your cat a catnip ball and be prepared to laugh until your sides ache. A cat with a cat ball is in the thing ever put on a stage. It will do your cat an awful lot of good. We sell them.

WILL VISIT CRYSTAL PARK

A special train of seven coaches carrying about 150 members of the advertising club in San Francisco, will arrive here over the Denver & Rio Grande at 12:25 a. m. next Wednesday. The train will be taken to Manitou and parked while the members take the Crystal Park trip as the guests of President W. C. Dotterer. The special will leave at 11:30 o'clock the same morning for Denver where the members will spend several hours before going on to Manitou, where they will attend the annual convention of the Associated Advertising Clubs of America. The visit of the advertising men to Colorado Springs and the Pike's Peak region means much to the people here. They are boosting the San Francisco fair in 1915, and are beginning to get out their advertising pamphlets. Colorado resort proprietors have been boasting California, and after seeing this region, it is expected that the visitors will advertise the Pike's Peak region in their fair booklets.

Friday and Saturday, May 10-11.

PICNIC POSTPONED

The El Paso County Retail Grocers and Butchers association has postponed its picnic, which was to have been held June 20, on account of the nearness of the date to legal holidays. It is probable that the picnic will be held late in the season.

REAL MUSICAL COMEDY

Same Company to Be Seen Here This Evening in "The Girl and the Boy" Pacific Coast Success

Ferris Hartman, "Muggins" Davis and Walter De Leon were seen in "The Campus" at the Opera house last evening, which is without doubt one of the cleanest cut musical comedies produced here this season.

Mr. De Leon who, by the way, is somewhat of a genius, being only 24 years of age, not only wrote the book, lyrics and music for "The Campus" but plays one of the leading roles. He is a dancer of skill and grace in the dancing number of "The Same Old Love." De Leon and Davis form a team which will long be remembered by those who witnessed last night's performance, as the best dancing and singing artists here in many a season. They danced the much-talked-of "Texas Tommy." The chorus was small, but met with the high standard of the company.

Tonight the same organization will be seen in De Leon's latest musical success, "The Girl and the Boy," which has proved such a success on the Pacific coast.

Congregationalists to Meet in Manitou Today

The annual meeting of the Arkansas Valley Association of Congregational Churches will open in Manitou today and will continue over tomorrow. It will be attended by about 30 ministers and other members of the church. The presiding officer will be the Rev. W. H. Hanney, pastor of the First Congregational church of this city. The program follows:

Today.

12 m.—Assignment of delegates
2 p. m.—Devotional, the Rev. A. O. Downs.
2:30 p. m.—Home missionary work the Rev. W. H. Hopkins, state superintendent
3:15 p. m.—Missionary program, ladies of W. E. M. C.
5:30 p. m.—Announcements
5 p. m.—Illustrated lecture on India from views taken by himself while in India, by the Rev. W. W. Ranney of Colorado Springs.

Tomorrow.

9 a. m.—Devotional, the Rev. J. P. Campbell.
9:30 a. m.—Business session
10 a. m.—Written report from churches.
11 a. m.—Discussion of reports of the committee of 19, opened by the Rev. F. E. Holloway.
2 p. m.—Devotional, the Rev. A. W. Moore.
2:15 p. m.—Address on Sunday school work, by C. W. Lee.
2:30 p. m.—State Sunday School Work, by the Rev. A. S. Bush, superintendent.
3 p. m.—An Educated Ministry by President Storin of Colorado college.
3:30 p. m.—Chicago Theology Seminary, by Dean E. S. Parsons.
7:30 p. m.—Song service.
8 p. m.—Address by President Denver chamber of commerce, Allison Stocker.
8:45 p. m.—Business session.

NO AUTOS IN CANON

The park commission has decided that it will enforce the old rule and not permit automobiles in Cheyenne canon.

Several auto drivers have been going up to Seven Falls for the last few days, but Park Officer B. I. Dodson has been instructed to prevent this practice. He commenced yesterday to carry out his orders, and thus far has had no trouble.

The regular meeting of the park commission scheduled for yesterday will be held in the office of Judge H. G. Lunt in the Mining Exchange building tomorrow afternoon.

Please Call

and soon, and make your selection from our large stock of shade and fruit trees, evergreens, vines, shrubs and hardy perennials.

Those Cheyenne Mountain Lots

Several people have bought lots during the cut price sale. Several others have signified a desire to purchase; all such will be given till April 25 to select at the cut price, \$125 for \$250 lots. Until \$1,500 worth of lots are sold, \$250 lots will be sold for \$150, \$300 lots for \$225 and \$350 lots for \$275, after which no lots will be sold for less than schedule prices. You cannot make an investment of a small amount more likely to increase in value in a few months, as the number of lots cannot increase while the demand for them is increasing.

REMEMBER, WATER PIPED TO EVERY LOT.
